OFFICIATION OF CIVIL WEDDINGS

MUNICIPALITY OF YERMASOYIA

Officiation of Civil Weddings

Cyprus, an island rich in ancient history, myths and legends, and known as the island of Aphrodite, the goddess of love and beauty, promises love and happiness to all who visit it.

Apart from being a wonderful place for their holiday, for a large number of these visitors, Cyprus represents the ideal place for a very special and personal occasion, that of their wedding.

The marriage ceremony is officiated by the Mayor or a person authorized by the Civil Council of the Municipality according to the Marriage Law of 104(I) of 2003.

Yermasoyia Town Hall is proud to inform you that since its establishment in 1994 it holds weddings at its beautiful traditional Cultural Center and its gardens.

As it is the only Registry Office that is situated in Eastern Limassol and closest to the tourist area is considered to be the most popular and reliable Town Hall for weddings and since 2007 holds weddings at hotels and other licensed venues as well as the Cultural Center.

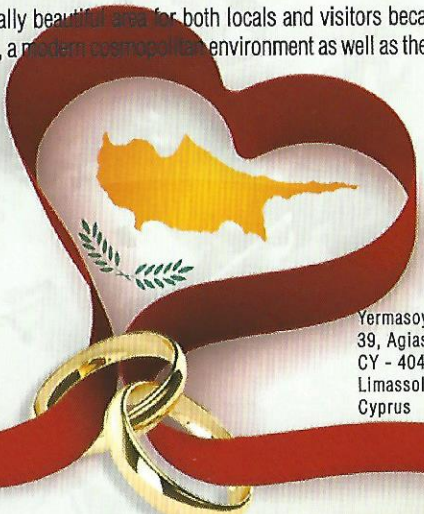

The Marriage Officers visit all Limassol Hotels between Le Meridien Beach Hotel (east) and Crowne Plaza (west) as well as other licensed venues, on week days, both in the morning and in the afternoon.

The interested parties after their arrival in Cyprus must apply personally to the Marriage Officer of Yermasoyia Municipality in order to go through certain formalities which are necessary prior to their wedding and are valid for three months.

For any further information concerning the procedure of civil wedding and in order to arrange an appointment for the application or the celebration of a civil wedding please contract the wedding registry office of Yermasoyia Municipality.

The Municipality of Yermasoyia is approximately 17Km² with a beach stretching for 3.5Km, of which a large part has been transformed into the tourist industry of the region.

It is an especially beautiful area for both locals and visitors because in such a small area you can find everything: mountains, plains and sea, a modern cosmopolitan environment as well as the traditional, justifying those who call Yermasoyia the two-sided coin.
